

Two young men are standing in a laboratory or workshop. The man on the left is wearing a dark blue button-down shirt and grey trousers, with his hand on his hip. The man on the right is wearing a dark blue button-down shirt and khaki trousers. In the background, there is a large piece of scientific equipment, possibly a microscope or a specialized camera, mounted on a stand. The lighting is dramatic, with strong highlights and deep shadows.

CALL FOR PROJECTS

We support UAS students/graduates

FIRST VENTURES

BUILD UP YOUR OWN SPIN-OFF!

Ready to take risks and found your own company? Then apply to “First Ventures”.

We aim at encouraging entrepreneurial bachelor’s and master’s students eager to launch their own spin-off, turning new ideas into innovative products and services. Up to CHF 150,000 are available per business project coming from universities of applied sciences.

Gebert Rütli Stiftung does not only provide financial support but also an individually tailored training programme. You will learn how to successfully put your business idea into practice and gain access to a broad startup network.

If you get funded, you will have full budget responsibility while being employed at your UAS.

Two yearly deadlines: May/June and November
